

The 82nd National Convention of Information Processing Society of Japan (IPSJ)											
		Event Hall #1 Bldg.6 334	Event Hall #2 Bldg. 23 218	Event Hall #3 Bldg. 23 221	Event Hall #4 Bldg. 23 330	Event Hall #5 Bldg. 23 211	Event Hall #S1 Bldg. 12 401	Event Hall #S2 Bldg. 23 105	Event Hall #S3 Bldg. 27 1F Lounge	Event Hall #S4 Bldg. 26 Challenge Labo	
Thu.	5	9:30	Future of informatics in general education. why, what, how	Challenges of DX (Digital Transformation) of Japan	Cyber case memoir of 2019. —from both aspects of technology and law. —	Rounds Research in Ishikawa					
		12:00									
		12:10-13:00								Career Guidance	
		13:10	Utilization of Large-Scale Medical Information Data for R&D								
		15:10	IT for SDGs								
		17:00									
		17:10									
		18:00							IPSJ-39/IPSJ-39: Hatsune Miku Fanmade Mini Live		
Fri.	6	9:30	~Messages from computer pioneers ~ "My poetry and truth"	Introduction to Digital Humanities: Let's Analyze Culture with Information Technology	Beneficiary Recognition of the Contract - Contract Model for Agile Software Development	Challenges for MEC (Multi-access Edge Computing)					
		11:30									
		11:40-12:30								Career Guidance	
		12:40	Pioneering an information society : Past, Present and Future of Information Technologies/ IPSJ	Standardization trends and Japanese activities on IoT	Winning Strategies for Paper Writing — Toward good papers, good reviewing, and good journal Issue —						
		12:40-14:20									
		15:10									
		15:30	Award Ceremony		8th IPSJ International AI Programming Contest SamurAI Coding 2019-20 World Final						
		16:00									
		16:00									
		16:45									
16:45	Invited talk by KIISE										
17:00	Invited talk by CCF										
17:15	Invited talk by IEEE-CS										
17:30											
		18:00-20:00	Causal Banquet at Cafeteria in Building#21 Floor 1								
Sat.	7	9:30	From epsilon to infinite- Establishing elite training system	Rapidly changing! Environment surrounding informatics entrance examinations	On Professional Certification of AI, Big Data and IoT Engineers	CC2020: Computing Curricula 2020 Project	Research Presentation Session by Teachers of Primary or Secondary Schools				
		12:00									
		12:10-13:00								Free admission: "I have a question."	Exciting Coding! Junior@Kanazawa ~Let's enjoy programming together!~
		13:10		Autonomous Programming Education in Local Communities	Digital Practice LIVE: Accelerate DX through Agile Development for Next ICT Systems	Social Score, expectations and challenges			Contest for Research Activities on Informatics by Junior- and Senior- Highschool Students		
		15:10									
		15:20									
		17:50							IPSJ-ONE
